COMPUTER ENGINEERING

Born on October 3, 2000 in Izmir, I completed my 4th year in Computer Engineering at Mersin University. I am interested in mobile application development, robotics development, artificial intelligence and machine learning. Thanks to the internships I completed and my school, I worked in a company where I undertook both Front-End and Back-End tasks. I have been involved in many projects. I am more in the foreground in the Front-End part, in the Back-End for now with FireBase I am improving myself. I have B2 Intermediate level English. I have an A2 driver's license.

KEY COMPETENCIES

Flutter / Dart	Artificial Intelligence	Python
Robotics / IOT	Machine Learning	.NET
Electronics	FireBase	Data Mining

PROFESSIONAL EXPERIENCE

Artı ve Artı Teknoloji Hizmetleri San. ve Tic. A.Ş

July 2024 - August 2024

Intern Computer Engineer - Cyber Security Department

I was asked to develop a cyber security training/assistance application. I was asked to provide Authentications kept with FireBase Authentication, photos kept secure with FireStore and Storage and data, slides, quizzes, rank system and artificial intelligence integration, making learning fun, but also I offered an application where they can get help from professionals on the platform at any time.

Sim Bilişim Teknolojileri | AKINSOFT Mersin Bölge Bayi

July 2023 - August 2023

Intern Computer Engineer - ERP/CRM Development

When I started my internship, it coincided with the time when the company was about to start a project. This project was to develop an ERP (Enterprise Resource Planning) application for a group of managers who had a fleet of vehicles in their company. In the application developed with Flutter, managers and employees use separate login methods, and many things such as vehicle tracking, employee tracking, income and expense tracking, location tracking, requests, etc. can be viewed with a single touch.

Chain and Boutique Coffee Companies

June 2021 - September 2023

Barista

During my student life, I worked as a barista in many chain coffee companies and boutique cafes in order to make pocket money for myself. For example, Sabiha Gökçen Airport International Department Starbucks, Sayapark Soulmate... I have a total of more than one year of experience as a barista

EDUCATION

Computer Engineering

Mersin University

2019- Continuing (Single Course Left)
